

Thank you for registering with Valley District Cricket Club for the coming season. We will be doing everything we can to ensure your cricketing experience is a great one!

If you have questions, they are more than likely answered in our [Information for Parents Booklet](#). If you have questions that are not answered, please contact junior.registrar@valleycricket.org.au.

Get set to play!

A comprehensive event calendar has been developed which lists all of the important dates for the season. You can access it [here](#). If any of the dates change, we will notify you on our Juniors Facebook Page.

You will see from the calendar that in the week leading up to season commencement, there are a number of coach/manager information sessions held. These sessions are open to everyone and provide details about the season ahead.

What equipment do I need?

The Club provides the majority of playing equipment in each team's "kit". Due to the COVID restrictions, players will need to purchase their own helmet, batting "inners" and gloves, and protective box. Valleys will be selling helmets and gloves from our stocks at heavily discounted prices. Please keep an eye on the Juniors Facebook page for notifications on when we will be selling these items.

What clothes/personal items do I need?

Children playing Friday night Master Blaster and in U10 and above age groups will need to purchase "whites". Our Platinum Sponsor, Keith Dudgeon Cricket Specialists can help you with Valley branded playing clothes and any equipment that you may need (see page 3). Every player will also receive a Valleys training shirt and a "baggy blue" cap before their first game. These will be handed out by your team coach/manager.

What information will I receive next?

Once online registrations close on 11 September, the age coordinators will commence putting together teams. Draft team lists will be circulated for feedback. We try wherever possible to accommodate requests. Once team lists are locked down we need volunteers to come forward for the roles of coach and manager. Lots of help and support are provided

and you don't have to be the next Justin Langer or manage salary caps, so please give some thought to filling one of these roles, as they are crucial to the smooth running of the season.

Stay in touch

Juniors have a closed Facebook Group page. Please search for Juniors – Valley District Cricket Club on Facebook and request to join. This page is our primary communication channel for our Juniors, so please make sure you join.

[Juniors Facebook Page](#)

We also have an Instagram page and you can follow us at [@valleydistrictcrickeclub](#). Also, don't forget to hashtag your cricket photos with [#GoValleys](#)

Our website contains a wealth of information for parents and coaches.
